

The title "TECH Talk" is displayed in large, bold letters. "TECH" is in orange and "Talk" is in teal. Above the text are several colorful icons representing various technologies: a speech bubble with an @ symbol, a smartphone, an envelope, a laptop, a location pin, a speech bubble with a person icon, a handshake, a download arrow, a Wi-Fi symbol, and a globe.

Merck TECHTalk is a series of **fun, 30-minute, interactive technical presentations** that will be held on **Tuesdays** (times of day will vary). Sessions are intended for IT colleagues and will focus on **Enterprise Resiliency projects, Platforms** and more.

You will have the opportunity to:

- **increase your awareness** of projects and technology
- **get technical information** which may impact support or application development
- **learn what actions** you may need to take or how you can help
- **ask questions and provide feedback** about projects or technologies

All sessions will be held **virtually** through WebEx Event Center and **recorded** for playback at your convenience.
