### **APPLICATION QUESTIONS:**

1. How does our spiritual situation resemble that of the returned exiles in today’s passage?
2. In addition to the Lord’s Supper, what are some other ways for us to celebrate what God has done and what he’s going to do?
3. As you think about all the events so far in the book of Ezra (chapters 1-6), what themes stand out to you the most concerning the relationship between God and his people?
