

Five things you may not know about heart disease

This discussion will focus on heart disease prevention and management strategies that can really make a difference.

The session will be interactive and will allow time for question and answers from the audience.

Wednesday,
February 12, 2020
10 to 11 a.m.

Harbour Village
5700 Mockingbird Lane
Greendale, WI 53129
Free

Presented by:

Kirsten Hastings, BSN, RN, Cardiac Nurse Educator
The Karen Yontz Center Aurora St. Luke's Medical Center
