

Children's Mental Health Plan Community Engagement Webinars

The Illinois Children's Mental Health Partnership (ICMHP) seeks engagement from you as we develop a Children's Mental Health Plan for Illinois! Please join us for one of our Community Webinars this month to share your thoughts and ideas for the new plan.

Under the Children's Mental Health Act of 2003, ICMHP is charged with developing a Plan that supports the creation of a comprehensive and coordinated system of mental health that supports the wellbeing for Illinois' youth and families. As a professional, advocate, or community resident invested in supporting Illinois youth and families, we need your input into the key recommendations for this statewide plan.

HOW TO REGISTER FOR A WEBINAR:

- If you are an **educator/engaged in education or advocacy** and are available on **Monday, September 13th from 10a-11a**, click [here](#).
- If you are a **provider/engaged in health and mental health care or advocacy** and are available on **Tuesday, September 14th 11a-12p**, click [here](#).
- If you are a **family member, youth, or community member** and are available either **Wednesday, September 15th 5p-6p** or **Saturday, September 18th 10a-11a**, click [here](#) (Spanish registration also available [here](#))
