

# Advocacy Opportunities

## DHS Campaign to Raise Awareness of Human Trafficking

The Department of Homeland Security (DHS) released a [Faith-Based and Community Toolkit](#), developed by the DHS Blue Campaign and the DHS Center for Faith and Opportunity Initiatives, to raise awareness of human [trafficking](#). The toolkit also equips faith leadership on how to respond to the needs of victims or those vulnerable to harm and how to build stronger partnerships with social service agencies, advocacy groups, and law enforcement in support of the whole community. Learn more about other [DHS Blue Campaign Resources](#), including the [General Awareness Training Video](#).

## Stewards of Children Workshops for Adults

These evidence-based awareness and prevention multi-media workshops are for adults to become better aware about child sexual abuse and to learn steps to prevent abuse and protect children. Presented by Advocate Health Care's Childhood Trauma Treatment Program. Please see [flyer](#) for more information and to request a presentation.
