

Thursday, October 29th

9:00 am - 12:00 pm

The Trauma Informed Congregations Network

October Community of Practice

**Domestic Violence Awareness:
Recognize and Break the Cycle**

On average, nearly 20 people per minute are physically abused by an intimate partner in the United States. During one year, this equates to more than 10 million people

"Communities of faith play a unique and vital role in the response to and elimination of domestic violence, as they carry the responsibility to protect and nurture the spiritual wellbeing of the community as a whole and its individual members."
