October is Car Care Awareness Month

Use this **HELPFUL CHECKLIST** to get your car fall & winter-ready!

VISIBILITY - WIPER & LIGHTING TIPS

☒ **Check the wipers and lighting** so that you can see and be seen. Don't forget your headlight bulbs and covers.

TRACTION - TIRE TIPS

☒ **Check the tires, tread and pressure.** Uneven wear indicates a need for wheel alignment. Tires should also be checked for cracks in the sidewall, bulges and bald spots. Checking tire pressure (don't forget your spare!) can avoid flats and improve your fuel efficiency.

SAFETY - BRAKE TIPS

☒ **Check your brakes.** When you need to stop on slick and icy roads, every second counts. Get your brake linings, rotors and drums inspected at each oil change.

PERFORMANCE - FLUID CHECK TIPS

☒ **Check all fluids**, including engine oil, power steering, brake and transmission as well as windshield washer solvent and antifreeze/coolant.

We are ready to meet all of your fall and winter car care needs – come and see us this month!

Remember: What separates independent shops from dealers is we don't upsell!
