Wildlife in Minnesota Winter Snow Photo Workshop

February 18-21, 2021

Join professional wildlife photographer instructor Kathleen Reeder for an incredible photo workshop in Sandstone, Minnesota at Minnesota Wildlife Connection. With expert wildlife photography instruction, before and during the workshop, and a vast array of beautiful wildlife to photograph in natural snowy landscapes, you will capture incredible animal portraits! Register at www.KathleenReeder.com.

Workshop Highlights

1. An informative online webinar that covers wildlife photography composition tips, camera settings, recommended gear, and a slideshow of photos taken of Minnesota Wildlife Connection animals (along with camera settings) to prepare you to maximize your camera's potential while shooting.
2. 9 photos sessions with the best wildlife that Minnesota Wildlife Connection has to offer. The 9 sessions will be selected from the following species that are all native to Minnesota: Cougar, bobcat, lynx, black wolf, grey wolf, coyote, red fox, silver fox, cross fox, gray fox, beaver, whitetail deer, weasel, fisher, badger, mink, striped skunk, opossum, raccoon and porcupine.
3. Photograph wildlife at eye level in beautiful snowy conditions with water and land backdrops. The most common focal lengths used is 70-200mm.
4. Photo sessions begin late afternoon on the 1st day and end in the morning of the 4th day, offering photo opportunities in the best natural light possible and to allow for the chance of inclement weather.
5. Post processing demonstration of Photo Mechanic, Photoshop and the DxO NIK filters.
6. Class size is limited to 10 participants so you'll have plenty of one-on-one time with Kathleen to ask questions and get coaching specific to your individual photographic needs.
