Tarkett Home ReadyGrout Discontinuation Notice

Dear Valued Customer,

Effective immediately, Tarkett has discontinued their ReadyGrout that was recommended for use with their InStudio Luxury Vinyl Tile collection. Tarkett will be fulfilling orders until their inventory is depleted, and NRF currently has minimal stock of each color, so please be sure to check stock in case we are able to fulfill your order.

Our NRF Supply Division does offer the following grout options once our Tarkett ReadyGrout inventory is depleted: Proma, Mapei & Laticrete

Tarkett's grout recommendation states that you must use a pre-mixed single component grout that is intended for use with Luxury Vinyl Flooring products.

Please contact your NRF Resilient Division Territory Manager with any questions regarding this discontinuation. We apologize for any inconvenience this may cause.

Thank you for your continued business,
The NRF Resilient Division
