VINY VISION

THE RESILIENT WAY TO BEAUTIFUL FLOORS.

NEW PRODUCT ANNOUNCEMENT

ReNue

May 2026

PRODUCT SPOTLIGHT:

ReNue
HYBRID RESILIENT FLOORING
Ideal for your environment.

At last, an eco-friendly flooring option that delivers the look, feel, and durability of hardwood—while being completely waterproof.

ReNue® flooring is crafted with 100% recycled hardwood fiber and innovative, non-PVC materials to provide high-style, low-maintenance performance.

Designed to handle the demands of modern living—including pets and children—this flooring is:

- Durable enough for daily wear
- Waterproof for spills and messes
- 100% recyclable for a more sustainable future

KEY SELLING FEATURES

SUSTAINABLE AND MAINTAINABLE
ReNue's advanced blend of recycled wood fiber and non-PVC materials conserves environmental resources and will keep its looks and quality for years to come

DURABILITY NEEDED FOR THE HOME
Its watertight locking system makes ReNue™ 100% waterproof. Plus, it's easy to clean and resistant to denting, scratching, staining, and fading.

EASY COMFORT FROM DAY ONE
Its attached underlayment simplifies the installation process, reduces noise, and cushions every step

ENVIRONMENTALLY RESPONSIBLE, FINANCIALLY WISE
With a lifetime residential warranty, ReNue™ has been engineered so its looks and quality will endure, making it one of the most effective choices available
