Cholesterol Online Training

cholesterol.mcdph.org

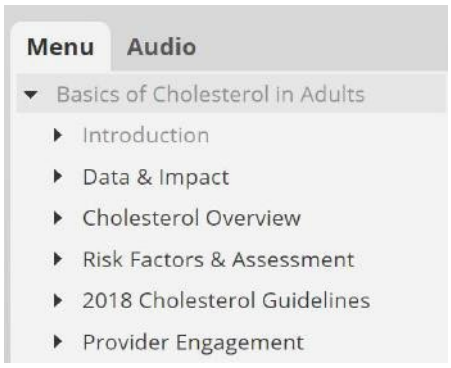

The **Cholesterol Online Training Program** highlights the Basics of Cholesterol and provides an overview of the most recent Multisociety Guideline on the Management of Blood Cholesterol (2018) released by the American Heart Association and the American College of Cardiology

The **Cholesterol Online Training Program i**s a resource available to physicians, nurses, EMS workers, and all health care staff, care teams, or individuals who assist patients with the prevention, detection, and management of high cholesterol. This resource is free of charge to all Massachusetts users.

This training will cover:

Modules offer Continuing Education Credits through the American Public Health Association (APHA) and provide a certificate of completion. Users can complete the training at their own pace and return to any training module for review at any time. The training system runs on desktop and laptop computers, tablets, and mobile phone devices.

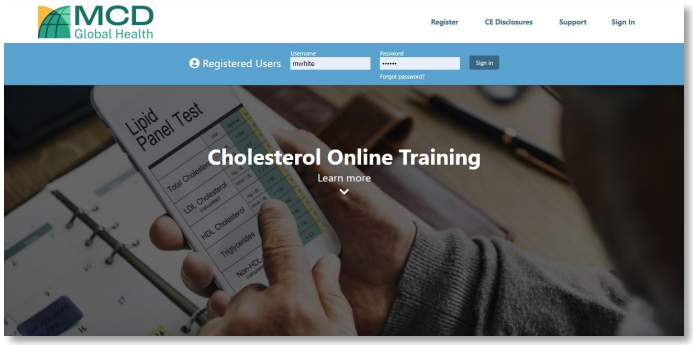

For more information or to register for the Cholesterol Online Training, please visit:
cholesterol.mcdph.org

New modules coming soon:

- 2018 Cholesterol Guidelines
- Point of Care Testing & CLIA Waiver

Cholesterol Online Training Program

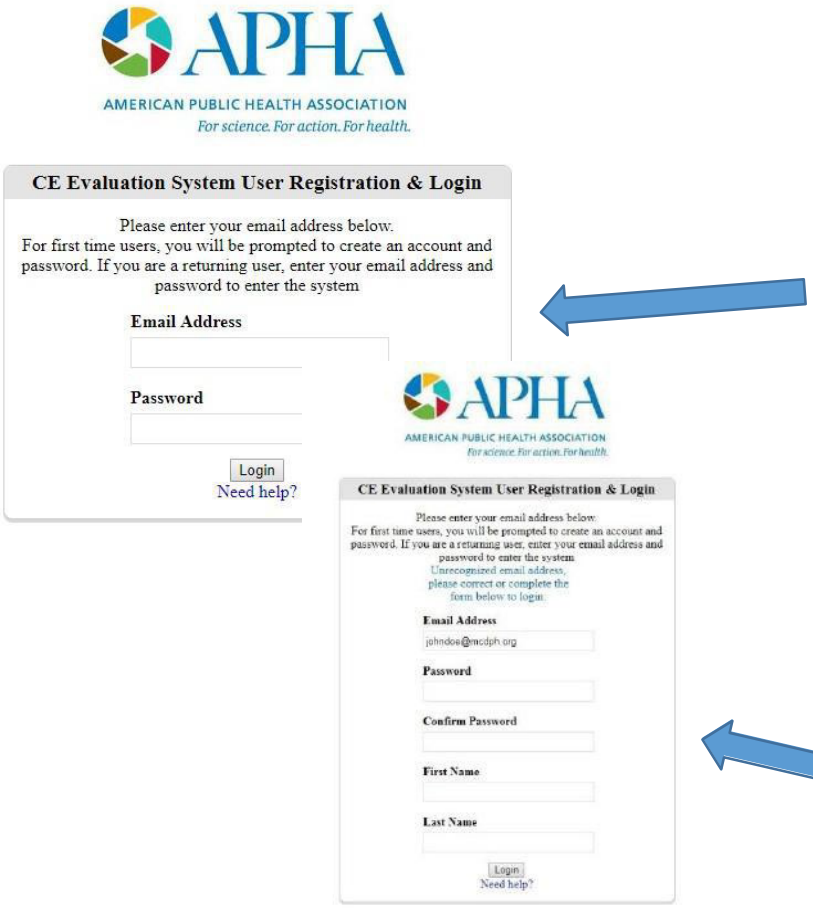

Submitting the Evaluation & Retrieving Certificates of Completion

Step 1:

Complete the **Basics of Cholesterol in Adults** online training module.

Once completed, a CEU will appear.

Step 2:

When you click on the CEU button, it will automatically take you to the APHA Continuing Education Evaluation System.

If you have an account, use your email address and password to login.

If you **do NOT** have an account, please enter the email address you wish to use for your account. Once you enter your email, subsequent boxes asking for your information will appear. Fill out this information to complete your registration.

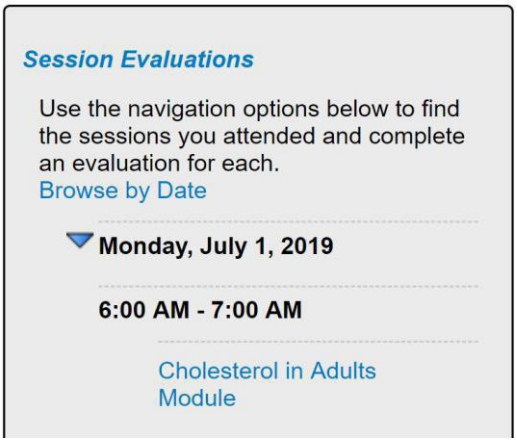

MCD Global Health

Cholesterol Online Training Program

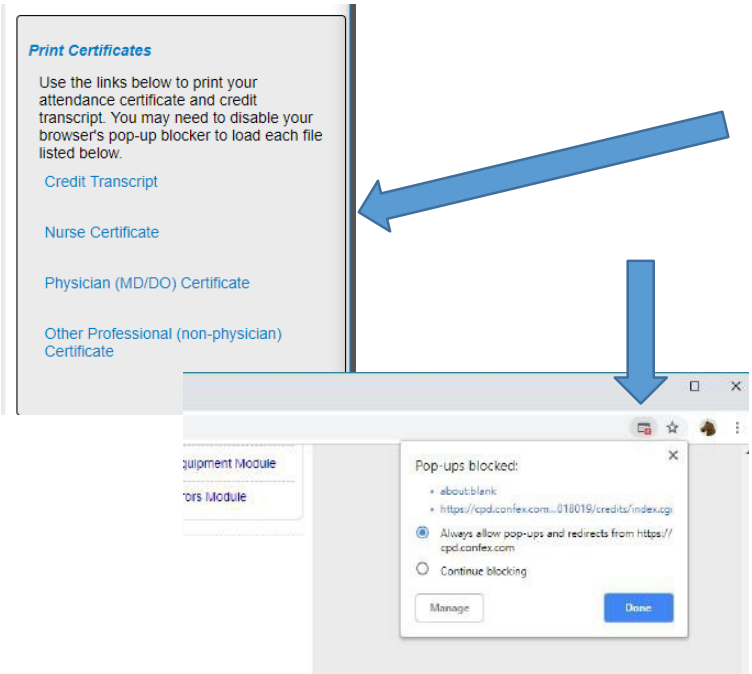

Step 3:

This login will bring you to The Cholesterol Online Training Program, evaluation System, click onto the Evaluation Tab.

Step 4:

Fill out the evaluation for the module. (Disregard the July 1, 2019 date. Your certificate will reflect that date you completed the evaluation.)

Step 5:

Select the certificate that most applies to you.

You may experience a pop-ups block, allow the block for this instance.

Print Certificate.
