## Crescendo Fine Arts - Private Piano Lessons

What do Mozart, Beethoven, Dave Brubeck, Billy Joel, & Adele have in common? They all took piano lessons and became piano legends! And so can your child, with a little time and practice. In the weekly 30-minute lesson, we will cover a range of topics including creative improvising, music reading, dynamic interpretation, technical and physical mechanics of playing, and ear training, as well as learn pieces in a variety of styles. There are several performance opportunities available, including recitals, festivals, and competitions. Learning to play the piano has been shown to increase hand-eye coordination, mental focus, and emotional well-being, and also provides an artistic mode of individual self-expression. Join us in raising your voice to create a musical impact! Weekly choir rehearsals will help train students' voices, build musical and artistic skill, encourage teamwork, and provide a fun and encouraging environment in which we can share the joy of music. Families and friends will be able to share our music at an end-of-semester Winter Concert, to which all are invited. We will practice various aspects of the choral art including singing in harmony, independence of voices, diction and breathing, and the ability to read music scores. Further benefits to the student include building confidence in expression and mutual support of a common goal.
