

Greetings Fellow Republicans!

We have less than 75 days until Election Day; even less considering that mail in ballots will arrive in October!

This year, it is critical that Nevada Republicans are successful in unseating the lunatic Left and getting our Republican Candidates elected, statewide.

2022 is a huge year of opportunity. I thank you all for your work through the primaries and support of our Republican winners. We have a **STRONG** Slate of Republican candidates for National, State, and local offices. Now it is time for us to organize and energize the final push to victory in November.

The Conservative Red Wave is building, and it is our responsibility to do all we can to bring victory home. Our meeting in Ely will focus on our candidates and our action plan to get out the vote that will carry them to victory and rescue our state.

Please make your plans now and register for this important meeting. I need you at the meeting, our candidates need you at the meeting, the Republicans of Nevada need you at the meeting so we can initiate the final drive to victory that will make Nevada Red Again.

God bless you and see you in Ely.

Chairman Michael J. McDonald
