Subject: Retirement Calls

I want to share that I will be retiring this spring. I am grateful for the honor and privilege to work side by side with you for what is now approaching eight years here in the 30 Rock of the Finger Lakes.

Together, we have established news leadership, helped grow businesses with effective marketing solutions, updated much of our technical infrastructure and building, and affirmed In depth.

Investigative and First Alert as real promises that we live up to every day. This team, which works together so well, is poised for continued and even greater success.

In the meantime, I eagerly anticipate making the most of these final months with you and look forward to making as much progress as possible together over the next few months to ensure a smooth transition.

Amy and I will be returning to Washington DC, where we lived for many years.

Dick
