Dear NDs, CSDs, GMs and the ELT:

It is with mixed emotions that I share Suzanne Nadell is leaving CMG at the end of her contract in July. She has decided to follow her passion as an author and motivational speaker. Suzanne has dedicated 23 years to CMG and created a fabulous legacy at WFTV, WSB, WPXI, and KOKI.

I have had the pleasure of watching Suzanne grow into the fearless leader she is today. Our paths crossed 22 years ago in Orlando, and I will be forever grateful for her loyalty and friendship.

I am so proud of Suzanne for following her heart and taking this leap. Please join me in congratulating her and wishing her much success in her next chapter. If you haven't read her book (which launches next week), *Wired to Lead - Being the Leader the Church Didn't Think You Could Be*, be sure to pick it up. She shares a lot of what she learned from CMG.

Suzanne will depart in a few months, leaving the newsroom in a position of strength. I will now begin an internal and external search for the next WSB News Director.

Sincerely,
Marian
