Subject: Our New News Dir, Autumn Jones

I wanted to let you all know we have hired Autumn Jones as our News Director! Autumn's most recent background includes being a top performing Exec Prod and Manager at a top performing Cox Orlando station and a PIO for the Orlando Police Dept. Her commitment to accurate and quality journalism is at the forefront, while advancing community causes. We will all grow with her knowledge/experience, commitment to quality and community as well as a competitive edge.

She arrives on 11/22. We are already interviewing for Asst ND and should make that hire next week and have them on board by Thanksgiving as well. Welcome Autumn, our new leader!
