Subject: Fresno - Please Welcome Isis Chaverri

Dear Fresno Team,

I am very happy to share with you that we have found our new News Director for Univision Fresno. After an extensive review of a highly qualified and talented pool of candidates, we have hired Isis Chaverri, who currently serves the Regional Development Communications Manager for the American Red Cross, in Chicago. Previously, Isis was the News Director for Univision Chicago for 4 years and also served as Executive Producer and News Producer for an additional 7 years. Isis succeeds Vladimir Araya who was recently promoted to News Director in Sacramento.

Isis is an professional journalist who brings with her a wide range of experience and knowledge. Isis will assume the leadership role in our newsroom that produces the number one local newscasts in Fresno at 6pm and 11pm, regardless of language. We have so many amazing team members working in Fresno, so I am excited to see how Isis will help shape our newsroom to best position us for growth and success in the future.

Isis will assume her new role on Monday, January 10, 2022.

Please join me in welcoming Isis Chaverri back to the Univision family.

Regards,

Steve
