Team, I want to let you all know that I will be retiring on November 25. Ironically, today (editor's note: October 20) is my 29th anniversary here...10 years as News Director and 19 years as GM. Seems like only yesterday I walked in the door to meet so many great people, some of whom are still around!

It has been an absolute pleasure to work with so many talented people over the years. I will miss all of you, but you'll have to put up with me for another 7 weeks.

Keeping it short and sweet like a :25 voice-over...

Chuck
