Condolences - Steve Hinkle

Jeff Rosica
To ⊞**all-avid**

Hi Team,

It is with great sadness that we share the news that our colleague, Steve Hinkle, passed away few days ago after a long and hard fought illness.

Those who had the opportunity and pleasure of working with Steve came to appreciate his honesty, reliability, strong work ethic, and desire to always "do it right" for our customers. He was a consummate professional in our iNews solutions delivery. Steve was a graduate of San Diego University in Journalism and worked as a writer, Producer, and News Director for various television stations. Steve's career at Avid spanned a remarkable 25 years. He built professional and personal relationships with his coworkers and customers who often requested him as their preferred project engineer. Steve was called a road warrior, a frequency flyer, as one of the most traveled professional services members providing consulting, commissioning and onsite support services, often overnights and weekends.

Steve is survived by his wife, Linda, and 2 sons. He will be greatly missed.

My best –

JR
