Subject: Newsroom Announcements

For those of you who haven't heard, I'm happy to announce that Sybil Hoffman is our new News Director at KTVK, KPHO and Arizona's Family! I've spent the last several weeks getting to know Sybil, and I think her skills are a perfect match for this job. As you know, Sybil joined KTVK in 2002, and for almost the last twenty years has been an important part of the newsroom. She has held the job as Special Projects EP, as well as Good Morning Arizona EP, and most recently has been the Assistant News Director. Sybil didn't initially apply for this job and it took me awhile to convince her that she was the perfect candidate. I'm very happy that she has accepted.

Tyson Milanovich is replacing Sybil as Assistant News Director. Tyson has been Senior Executive Producer of the morning show since 2018. He was originally hired at an associate producer in 2002, but has spent years producing newscasts in all dayparts. He also worked for ABC15 in Phoenix as an Executive Producer. Congrats to Tyson – a well-deserved promotion! We will be posting and recruiting for Tyson's EP role.

And finally, I wanted to let you know that Marleen Masayesva has accepted the role of Executive Assistant. Marleen is currently the news administrative assistant. In her new role, she will be keeping me on track, and helping Blanca Esparza and Sybil when needed.

Please help me congratulate Sybil, Tyson and Marleen on their new roles at Arizona's Family!
