Subject: TMJ4 Managing Editor

Who says you can't go home?

I'm thrilled to share the news that Ryan Scott is returning to TMJ4, this time as our next Managing Editor. As many of you know, Ryan previously worked at TMJ4 from 1999 to 2021. During his 20+ years here, Ryan held various roles from Director to Production Manager to News Operations Manager. More recently, Ryan has led our sister station, WGBA, as Station Manager/News Director. Under Ryan's leadership, WGBA underwent a complete transformation including the successful launch of Neighborhood News which is the equivalent of our Voices of the Community strategy.

As Managing Editor at TMJ4, Ryan will oversee the real-time desk as well as the real-time reporters. Ryan knows this station and this market better than just about anyone and is the perfect choice to lead our real-time coverage every day.

Ryan's first day with us will be September 16th. Please join me in welcoming Ryan back home to TMJ4!
