

After 15-years with the family owned company of News-Press & Gazette as one of its General Managers, first in Idaho and now Santa Barbara, I am returning home to Salt Lake City and returning to KTVX (ABC) where I worked back in 1990... a full circle homecoming for me and my family — we are thrilled.

April of this year marked 36-years in the business for me — starting in High School working in the studio running camera, directing newscasts, and more... over three plus decades, my career has taking me to some great broadcast operations: Including KTVX, KSL-TV (SLC), KCRA (Sacramento) and KTVB (Boise) and many others... before becoming GM for NPG, I was a News Director in two Idaho markets for 10-years... a news producer for a number of years before that... sales positions as well....

Thrilled to return home....

Thanks Rick.

***Interesting trivia: I was part of the team at KCRA-TV Sacramento (when it was family-owned by the Kellys)... working along side some others who have done well over the years; like Todd Mokhtari (newly named GM of KNBC LA), Kirsten Wolff (newly named ND in Boston), Jim Jakobs (ND for FOX in Fresno), Cameryn Blamey Beck (now at Scripps Corp)... there are many others too — I still stay connected to all of them... and we were all there around the same time (some stayed longer than me).... Yes, they taught us all well at Channel 3..... (John Kuenke - former GM of KCRA, was the man who recruited me to join News-Press & Gazette back in 2007, giving me my first GM position, hiring me away from BELO)... Kuenke was the President of the Broadcast Division for NPG at the time...
