Good morning:

I'm going to retire from KSDK next summer 2025. July 30,1979 was my first day at KSD-TV and July 30, 2025 will be my final day.

During what will eventually become a 46-year tour of duty, I've had four different careers at KSDK: sportscaster (10 years), morning anchor (22 years), MSJ reporter/storyteller (10 years), and news director/recruiter (3-plus years). Honored to say I've been inducted into three halls of fame including the Missouri Broadcasters Association Hall of Fame a couple of years ago. It's a unique professional journey that I couldn't have imagined when my hometown tv station gave a shot to a 20-something sportscaster decades ago. It's been my pleasure over many years to collaborate with hundreds of smart, talented, and hilarious co-workers who often helped me raise my game. Late in my career I got to hire the next generation of journalists serving the St. Louis community. I'm proud of all we've accomplished together at *Eyewitness News* which became *Newschannel 5 Where The News Comes First* which became *5 On Your Side.*

Appreciate you all.
