Re: Rebecca Gaylord

After six years as our news director Rebecca Gaylord has decided to leave KOCO5 and move on to the next phase of her personal and professional life. Rebecca's last day at the station will be 8/30/19.

During her time leading our news department she has worked tirelessly to build a news department that can truly live our Live, Local, Late breaking brand. Her expertise in news content and breaking news coverage is outstanding. Her keen sense of journalism on both the television and digital platforms has taken our newscast to award winning levels and grown our digital product to the top in OKC. Her work with our weather team has resulted in a growing weather brand and in my eyes the market's best product. Lastly, her work ethic and dedication are to be admired.

I know that you will join me in wishing her the best as she follows her passion for journalism and television news to her next assignment. Thank you, Rebecca, for your work on our behalf.
