

All,

A lot of us are professional transients in this business – moving from city to city as we build a career – and hardly ever having the real possibility of moving and working in our hometown. And while I'm sad to tell you that Managing Editor Grover Murrell is leaving our Action News Jax team – he is getting that rare opportunity to move home, and so his upcoming departure is cause to celebrate.

Grover has accepted a job in Baltimore, the city he was born and raised in. And he's doing it at one of the country's legendary TV stations, CBS O & O WJZ, where he will be the new Dayside Executive Producer.

Grover worked hard to bring empathy into newsroom discussions and decision-making here, helped drive our Gets Real coverage and was part of our design and deployment of our new community minis, among other contributions this past year. In Baltimore, he'll have a heavy hand with day to day content, Town Halls and rolling out the new CBSN platform at WJZ.

Please join me in wishing Grover the very best in his new adventure and job in his hometown. His last day here is Aug 13th

Bob
