I am thrilled to share that I will be taking over as Director of Content/News Director at KWTV in Oklahoma City. News 9, is a Griffin Media powerhouse station with an incredible staff and an ownership/leadership team dedicated to the people of Oklahoma. The Griffin family has been serving the market since 1908 and in broadcasting for nearly 100 years. I'm honored to be joining one of the great local media companies in the country. This company truly understands the importance of localism, journalism, and proves it every day with in depth local content and best in class severe weather coverage. Griffin Media leverages its considerable resources across the state, to keep people safe, informed and connected like no other media outlet.

As for my time running the newsroom at WISH-TV in Indianapolis, I have nothing but gratitude! Ten years, five Emmys, three owners, one pandemic and thousands of stories.

When I dropped into the market in 2016, I had never spent any time in Indiana. A big shout out and thank you to the great Les Vann who hired me in Indy, and I'm glad he did. First and foremost, I met the person who would become the love of my life, my rock, my wife, Teresa Hazel. T and I have travelled the world, the country and run dozens of 5k's, 10k's and half marathons together.

I love local news and can't wait to get started in OKC!
