Please join me in welcoming Pete Wilgoren to the position of Managing Director of Content and Coverage. In this new position, Pete will help oversee and support our enterprise news content initiatives including big picture coverage planning, enterprise content development and streaming initiatives. Pete will also oversee and support Executive Producing needs for early evening newscasts when needed as well as news related programs and specials.

Pete brings extensive experience in these areas. Most recently Pete served as the interim ND and Assistant News Director at KTTV. Prior to that, he held managing editor roles at both KTTV and KCBS/KCAL overseeing coverage and content for the station. In his time, he has overseen award winning docuseries, public affairs programs, election and debate coverage and investigative series.

I am excited to welcome Pete to our newsroom.

He starts on August 21st.
