Subject: New Group News Director

Bcc: News Directors/General Managers

Hi Everyone,

I'm proud to share with you the news of Jamie Justice's promotion to Group News Director. Under Jamie's leadership at WSYX/WTTE, we are now the "go to" source for news in Columbus, Ohio. When Jamie moved from the Assistant News Director position to the News Director chair, she promised me that she would take a good operation and make it a great operation and she did just that. What really impresses me is no matter the challenge(s), Jamie never backs down, she always finds opportunity despite the situation. She's smart, fair, competitive and focused.

I'm thrilled to have Jamie on the corporate team and now in a position to help all of our newsrooms grow and build an even stronger news brand. Jamie will continue to work with our team in Columbus and will transition to the corporate role in mid-December.

Best,

Scott
