

After nearly four decades at KFMB-TV, Dean Elwood is leaving to pursue new opportunities.

Dean has been our News Director the past eleven years and was named VP News of KFMB stations in 2016. Dean started at KFMB as an intern while attending San Diego State University and if you're in the newsroom, chances are he has done your job as he worked his way up to his present position. A constant throughout his time as our news director, has been a strict devotion to quality journalism. During his tenure has been personally awarded a dozen Emmys, multiple Golden Mikes and San Diego Press Club awards. Most importantly, he has led our news operations with the highest ethics and integrity.

Join me in wishing him the very best. Dean will be here through the end of March and a search will begin immediately for his replacement.

Alberto
