Hi everyone,

I want to share some bittersweet news… After more than 27 years, Larry Klein has decided to leave CBS.

As we all know Larry is an institution here and has worked so closely with all of our affiliates and across all departments here at CBS.

There are not enough words to fully express the contributions that Larry has made to CBS over the years and he will be missed and we wish him well.

Larry's last day with CBS will be Friday, September 1… please join me in thanking him.
