Subject: The News Hiring-Palooza Continues - Please Welcome Kendyl Turner!

Good afternoon, everyone –

I'm excited to welcome Kendyl Turner to KPRC 2+ as our new Streaming Producer!

Kendyl is back in Houston with her growing family after living in East Texas – she says she's falling in love with Houston all over again as she explores it with her son!

While she has a traditional news producer background, most recently, she's been working on cross-platform content creation for [The East Texas Weekend](#). She produced, shot, wrote, and edited the content, including publishing on their OTT streaming channel.

Kendyl will be working with Tiffani, Brian, Raybin, Sam, and the rest of the KPRC 2+ Stream Team to continue building Project Sandbox.

Her first day is Monday – please make her feel welcome!
