Good morning Rick!

I want to share some personal news.

Effective immediately I am the new Creative Services Director for WPIX-TV/Nexstar Media Group in New York.

Three months ago I joined this amazing station as Managing Editor.

Now I am moving up to lead marketing, on-air promotion and communications for Nexstar at PIX11.

It's a great opportunity for me to leverage my broadcast and digital experience in this amazing opportunity.

My past accomplishments include nearly 30 years at CBS and CBS News including Vice President Affiliate Marketing, Executive Producer of CBS News on Logo for MTV Networks, and most recently groundbreaking digital projects for FOX Television Stations and Salesforce Inc.
