

Joint injection workshop: TUFTS/UNE Medical School

On the evening of January 8th, 2026, the Maine Medical Center Dept of Family Medicine and the Maine Academy of Family Physicians hosted a Sports Medicine Workshop for 1st and 2nd year medical students from the University of New England College of Medicine and the Tufts Maine Track. Dr. Marco Cornelio presented a brief overview of opportunities with the MAFP and AAFP. MMC Sports Medicine Fellows, Collin Leibold and Sanath Srivastava, conducted the hands-on workshop portion. The medical students rotated through stations that involved joint exams and musculoskeletal ultrasound applications. Dr. Vicki Hayes and Dr. Lauren Boehm are co-directors of the MMC FMIG.
