

SAGE TUFTS/UNE Event

On Jan 16, 2026, the first ever TUSM SAGE (Specialty Guidance, Advising and Exploration) Presentation Panel, featuring Family Medicine, was held in Maine. A panel of Family Physicians, including Dr. Jessica Faraci, Dr. Alison Samitt, Dr. Lauren Boehm and Family Medicine Resident, Dr. Jenna Elkhoury, spoke about this unique specialty and answered student questions. Dr. Vicki Hayes, Maine Medical Center FMIG faculty co-advisor, helped to coordinate and host this event with the support of the Maine Academy of Family Physicians. Approximately 20 medical students from the TUSM Maine Track and UNECOM attended in person or via Zoom.
