

THE PHYSICIANS ADVOCATE LLC ANNOUNCES PARTNERSHIP WITH ACRISURE

The Physicians Advocate LLC announced today it has partnered with Acrisure, a rapidly growing U.S. risk consulting and insurance broker. The partnership will support The Physicians Advocate's growth-oriented focus, perpetuating its tradition of innovative risk management and hands-on client service for physicians, healthcare facilities, and managed care companies.

The Physicians Advocate will continue to operate with its current management and employee team enabling the firm to maintain its local presence and client relationships. Through the Acrisure partnership, The Physicians Advocate will have access to support enhancements including capital funding, extensive industry resources and a deep network of expert agency partners.

The agency will become a part of a specialty healthcare team, collaborating with one of Acrisure's existing agency partners, Signature B & B, based in Garden City, Long Island, New York. Through this specialized healthcare group, The Physicians Advocate will expand its bandwidth of services and capabilities to support client needs and foster organic growth.

"We are thrilled to enter into this partnership with Acrisure as it enables Physicians Advocates to continue delivering outstanding client service," Christopher Prestera President of The Physicians Advocate stated. "Through Acrisure, we will now have access to a global network along with expanded resources to ensure clients receive competitive, customized and comprehensive solutions.
