

Altar Serving Interest and Permission Form

Dear Parents,

Your child is invited to learn how to become an altar server to assist at our Sunday Masses. Being an altar server is a tremendous opportunity for your child to take on the responsibility of helping to lead our worship. While serving in this role, he or she can learn more about the Mass and experience the Lord through the Eucharist in a new way.

The altar server provides a key role in the liturgy through the support they provide for the presider. Because of this, a certain amount of maturity is required in order to perform this ministry. As parents, you are in the best position to judge whether your son or daughter is ready to take on this ministry.

If your son or daughter is interested in learning how to be an altar server, simply complete the form below and return it to his or her teacher, the school or the parish office. The form is due **Friday, May 8th**. A training session(s) will be scheduled for our new servers. The summer is a good time to start learning how to serve as it is a slower time in parish life and hence there are less special occasions happening during Sunday Masses.

If your son or daughter has a sibling who is also an altar server please indicate that below.

Sincerely Yours in Christ,

Fr. Kevin
