~Register online at milwaukee.madscience.org or by phone at 414-858-9990~

Important Details –

Mad Science is held onsite at your child's school. Students will be grouped by like grades when possible. Class sizes range from 12 to 25 children.

All supplies and materials are included in the class fee. Each week the kids will receive a take-home item and take-home card that will enable them to continue the fun and learning at home!!

Avoid disappointment and register early! Please return registrations directly to MAD SCIENCE. Registrations MUST be postmarked or completed by phone, or online prior to the registration deadline. Please consult the front of this form for specific enrollment information.

You will not receive a confirmation letter. You will be contacted only if there is a problem with enrollment.

Any questions?????

Feel free to call us at – 414-858-9990

To avoid any mix-ups, please remind your child to go to Mad Science after school on class days. It's also a good idea to send the teacher a note instructing the child where to go. Our instructors are not able to leave the classroom to look for absent children.

An announcement will be made on the first day of class, directing the children where to meet.

Mad Science is not responsible for children before or after the stated class times.

Please pick your child up promptly after Mad Science at the school designated location at dismissal. If you are going to be late, please make arrangements to have your child picked up by someone else or attend after school care if available.

Late pickup will be charged after a 5 minute grace period at the rate of \$1.00 per minute and must be paid to the Mad Science office prior to the start of the next class for your child to continue.

If your child attends after school care, they will be walked there at the end of class.

For refund requests made prior to the start of the program, a \$15 processing fee will be deducted. No refunds or prorated fees for missed classes. There is a \$30 fee for all returned checks.

If a class is cancelled due to inclement weather or an unexpected school closing, we will attempt to schedule a make-up class. We are unable to offer a refund for classes missed due to unforeseen circumstances.

An alternate topic for a particular class may be substituted without notice if necessary.

Please retain the bottom copy of this form for session dates and times.

Jr. Astronaut Classes!

Sun & Stars

This stellar program is your ticket to the stars! Watch star dust burn and journey through a soapy galaxy as you investigate the life cycle of stars. Use your creativity to make your very own constellations on a **Cosmic Disk**.

Living in Space

Experience the life of an astronaut as you suit up for space flight! Use teamwork to complete an important space mission, building a model space station! Take the challenge and complete the **Spacewalk Mission!**

Space Technology

Discover technology designed for outer space! Steer a laser beam through a laser maze, find hidden mountains using the principles of radar technology and discover everyday objects originally designed for use in space! Become an eyewitness to the wonders of the universe with your **Stereoscopic Viewer**.

Atmosphere & Beyond

We're on a mission to explore the atmosphere of Earth, and beyond! Mix up various planetary atmospheres, one molecule at a time! Check out the current conditions with your own **Meteorological Station**.

Planets & Moons

Explore the farthest reaches of our solar system and create a lunar eclipse in this "mad" planetary tour! Learn how the planets stack up. Explore the universe with the **Gravity Assisted Launcher**.

Space Travel

Learn what it takes to be a true globetrotter! Race a balloon rocket and design your own car engine as you learn about thrust! See the principles of propulsion at work in a real rocket launch, and build your own **Space Copter** to fly to the skies!
