

Dear St. Alphonsus Catholic School Families,

Each year, we work hard to determine a tuition rate that will continue to provide the atmosphere of academic excellence that the students of St. Alphonsus Catholic School deserve.

The tuition increase for the 2026-2027 school year for grades 5K-8th will be \$200, and our 3K-4K yearly tuition will increase by \$600. These increases are based on our continued goal of striving to compensate our teachers with fair and just wages, the significant rise in the cost of health insurance, and the rise in the cost of supplies and services needed for education.

Please know that there will be tuition assistance available to you as we move into the new school year. Thank you for your commitment to Catholic education. Please know that the faculty, staff, and administration work tirelessly to ensure that your children receive an excellent education in an environment that will foster life-long friendships and a deep understanding of God's love for each person.

We are blessed to have continued support from our parish. Without the generous parish support, the tuition costs would be higher and our services lower.

We recognize and appreciate the sacrifice you make to send your children to St. Alphonsus Catholic School. Thank you for your prayers and your continued support.

Sincerely,

Mrs. Megan Sagat
Principal
