

Frequently Asked Questions

What

Rainier Beach Harvest Fest was formerly known as the Boo Bash at the Beach a fun, safe Halloween Party and Trick-or-Treat event held in the well-lit, flat parking lot of Rainier Beach Safeway and on the closed portion of 52nd Ave South, next to McDonald's. The community wanted a safer public space, **so it was moved around the corner to Rainier Beach Community Center** where we have entertainment, children's activities, Thriller Dancing, and storytelling. Open to all kids, including the adults who are kids-at-heart! **On the last Sunday in October from 2 to 5 pm.**

Why

Before Rainier Beach Harvest Fest the Rainier Beach area of SE Seattle had long been a crime "hot spot". Gun violence was a way of life, and on Halloween. Parents took their kids to the mall, to other neighborhoods or they didn't allow them to trick or treat in our area. City of Seattle, neighborhood organizations, citizens and businesses have reclaimed our community with Rainier Beach Harvest Fest and numerous special events, safety efforts, park improvements and beautification projects.

Rainier Beach Harvest Fest works! By involving the community, there were zero incidents of gunfire or violence reported on Halloween from 2014-2025. ZERO!

Our kids deserve a great trick or treat experience, with safe, easy trunk & trick-or-treating, games, resources and entertainment.

How Many

Thousands of people are expected in 2026!

Several businesses, agencies, community and faith-based groups and individuals will create wonderful, customized trick/trunk or treat booths to hand out treats, products, games, and children's activities. Rainier Beach Harvest Fest is family-friendly entertainment, music, health & wellness resources and important interaction with public safety officers, buffalo soldiers, firefighters and more.
