

# **Pet of the Week**

## **Sparky**

Meet Sparky! Sparky is a six year old shepherd/pit mix. He is a big, goofy boy who loves to play outside and get attention. When you first look at him, you instantly fall in love with him because of his ears that don't quite know what to do. Sparky doesn't get along with other dogs or children, so he has to be an only pet in the home with children 16 or older. He doesn't seem to bark too much, mostly when he wants your attention, food or the other dogs start barking. Sparky loves playing ball, so as long as you have a ball in hand he is a very photogenic boy.
