Celebrate the DO Difference Every Day!

MAOPS is encouraging ALL of our members to tell us what the "DO Difference" means to you as an osteopathic physician,

in a video that is 60 seconds or less!

Creating your quick video is as easy as taking a selfie!

Just use the "video" setting on your smartphone camera to record your personal message.

Your video could be used throughout the month of September, and for future social media campaigns!

So, don't be shy! Get creative!

Tell the world why YOU believe in the DO Difference and what that difference means to you!

Email your video to AshleyB@maops.org anytime during September 2017

Rules? What Rules?!

There really are no rules, *except*…

1. **Your video must be 60 seconds or less,**
2. **Submit it to AshleyB@maops.org during September, which is…**

“Women in Medicine Month!”

However, you don’t have to be a female physician to submit a video, and you don’t have to do it alone. *Get a group together and get the message out! Make it meaningful…and make it FUN!*

We can’t wait to see what the DO Difference means to YOU!
