ENGINE OF CENTRAL PA

Slimetopia is an ooey, gooey, ONSITE, STEAM-based adventure that could have only come from the infinite imagination of the world's #1 STEAM program. During each Slimetopia by Challenge Island onsite field trip, afterschool class, or family-engagement event, we transform kids' insatiable obsession with slime into teachable moments that broaden their horizons and fill them with wonder and glee. Our award-winning Slimetopia school programs stretch learning across the curriculum, striking a perfect balance of hands-on slimy fun and substantive standard-aligned lessons.
