

Our Year of

WORKING TOGETHER TO END HOMELESSNESS

2022 is Our Year of Ending Homelessness Together in San Mateo County.

Ending homelessness is the highest priority for the County of San Mateo and the Board of Supervisors, but we can't do this alone.

It will take everyone - cities, businesses, the faith community, non-profit organizations, service organizations and individual community members – to accomplish this goal.

Please watch the attached [video](#) invitation from County Manager Mike Callagy to join our first event, a virtual convening on April 22, 2022 from 10:00 am to 12:00 noon where we will learn, discuss, and commit to ending homelessness.

Registration and website information coming soon.

We look forward to seeing you on April 22nd and at future Year of Ending Homelessness Together events.
