

# BUILDING MAINTENANCE/GENERAL

## **Window Cleaner**

Removes Soils and grease from glass, ceramics, fiberglass, or any non-porous surface.

## **Pine Cleaner**

An all purpose cleaner with a pine fragrance. It is safe to use on floors, walls, woodwork and is non-flammable.

## **All Purpose Purple**

A concentrated liquid cleaner compound designed to be the only cleaner needed in your cleaning arsenal. Use on any surface where the use of water is permissible!

## **Spray Clean 201**

A concentrated liquid cleaner compound designed to be the only cleaner needed in your cleaning arsenal. Excellent for cleaning/degreasing for floors, equipment and in-process parts. Use on any surface where the use of water is permissible. Spray Clean 201 is our #1 maintenance Cleaner sold!

## **LCF-17**

An economical, phosphate free cleaner for shop and industrial floors, specifically designed for automatic floor scrubbers. It is safe on both wood and concrete and is formulated to removed heavy accumulations of grease and soils. It contains no butyl and has a pleasant cherry scent.

## **LCF-65**

A heavy duty cleaner with a blend of synthetic detergents and water soluble solvents. When diluted with water, it removes oils, grease, carbon soils from parts equipment and floors. It can be used in pressure washers, automatic floor scrubbers and steam cleaning units. It rinses free and clear and is safe on all surfaces and metals at recommended dilutions. This product is made for the tough jobs.

## **Natural Blue 7591**

A concentrated blend of synthetic detergents and water soluble solvents designed to clean all water washable surfaces. Natural Blue 7591 has a pleasant odor and is safe on painted surfaces.

## **Degreaser 99**

Created specifically to remove greasy soils and build-up. It eliminates "Grease Smear" and gives relief with one wipe across the surface. Degreaser 99 is effective for greasy floors and hand wash in the removal of grease and oil.
