

### **A Day of Garden slated for Saturday, February 22, 2020**

February is often a dreary month in the Chattanooga area, with rain, fog, and cold weather. But spring is just over the horizon and **A Day of Gardening** will be a bright event to look forward to. A variety of topics will be covered with a beginning panel discussion on how to help your garden survive the hot dry summer and fall in our area. Other topics will focus on Vines, such as Clematis, The Rose Rustlers, Volunteering as a way to increase gardening skills, Plant this! Not this, Creating color in the garden throughout the seasons, and Medicinal garden for good health and beauty.

The Tennessee Federation of Garden Clubs, District III, sponsors this event annually and welcomes all gardeners, especially beginning gardeners. Our presenters are known for their expertise and presentations filled with information that can create a new garden or transform an existing garden.

The gathering takes place at the Good Shepherd Lutheran Church, 822 Belvoir Ave, Chattanooga, TN 37412 in East Ridge from 9-2. A continental breakfast and a lunch of homemade soups, bread, desserts, and drinks are included in the registration fee. Gluten-free and vegetarian options are available.

Registration is limited to the first 125 people. To reserve a space, make out a \$20.00 check to TFGC District III. Please include an email address for confirmation, and mail by Feb. 16, to Marilyn Smith, 279 Pine Hollow Rd., Dayton, TN 37321. Walk-ups will pay \$25 at the door.
