

The nonprofit **TRAILS** is looking for board members to help them regroup.

It will be a working board that includes voting on budgets, helping create board procedures, fundraising, helping guide their director as she comes on board to make the program successful. They could also use nonprofit booking guidance. <http://www.trailsatthelake.org/>

The **VISION** of TRAILS is for all persons who are physically, developmentally, intellectually and/or psychiatrically challenged to become and sustain themselves as independent, significant and contributing members of their community. We believe they have the right to full inclusion, dignity, privacy and equal opportunity.

At TRAILS, our **MISSION** is to support individuals in creating and sustaining a rich and fulfilling life that is meaningful to the individual and allows them to be in charge of their own purpose and goals. Working along with the local regional center and other programs within the community, we strive to bring opportunity, inclusion and growth to those we support. It is our **GOAL** to help our clients achieve the best quality of life possible.

Our **VALUES** are: Respect, Choice, Opportunity, Relationships, Achievement and Personal Satisfaction.
