

## N.C. BAPTIST MEN Region 7 Training

The North Carolina Baptists on Mission Disaster Relief team will be having a training session in our Region on April 24<sup>th</sup> at Hudson First Baptist Church. There will be training in the following disciplines:

Administration	Child Care	Logistics	Shower/Laundry
Assessment	Maintenance	Recovery	Communications/IT
Chaplaincy	Feeding	Safety	Medical Reserve Corp

Many of these trainings will take place virtually on Thursday night April 22<sup>nd</sup>, however several of the trainings will include both the virtual training on Thursday night and a "hands on" training on Saturday morning April 24<sup>th</sup>.

Unlike past years, due to Covid concerns, there will be no overnight lodging at the church on Friday night so each participant that chooses training that will involve "hands on" will be required to be at Hudson First Baptist Church at 8:00 AM on Saturday morning to register. The "hands on" training will include lunch and should conclude around 12:00 that afternoon.

Because of all the Covid concern in the spring of 2020, we opted for everyone's safety to cancel all training. In 2020 we were able to staff our disaster situations with our currently trained folks, but we are in need of some additional highly motivated Christ loving folks to be willing to go when these disasters occur. We are all praying that the Covid crisis is in the "waning" stages, but we can be assured that the hurricanes, floods, and storms that affect so many areas of our country are not going to be stopped with a vaccine and will continue to devastate parts of our area.

If you are interested in being trained, please contact [baptistsonmission.org](http://baptistsonmission.org) to get full details and to register for the training. Or if you would like to talk to one of our blue hats you can call and we will be glad to answer your questions. PLEASE pray for our Disaster Relief organization, the volunteers and most of all, PLEASE join us in meeting the critical needs of people affected by disasters. When you meet their needs, they will listen to the gospel, and Jesus did say, "Go."

Region 7 Blue Hats: Team Leader, Terry Barnes (828)320-2362    John Crane (336)813-6791
