**Tuesday, January 29, 2019 • 12:00 p.m. to 2:00 p.m.
Westmoreland Club, 59 South Franklin Street, Wilkes-Barre, PA 18701**

About Volunteers in Medicine

VIM is the only full service, full-time clinic in northeastern PA offering free services to low income families that are still falling between the cracks of the healthcare system. They want to work so aren't eligible for Medicaid and can't afford private health insurance. The Affordable Care Act is not universal healthcare and there are still 31 million uninsured Americans and that number continues to increase. Many families have to choose between food and housing or health insurance premiums and deductibles. VIM, with the help from the generous community, will continue to focus on the mission of keeping our low income neighbors healthy, well, and working.

Mission Statement

Volunteers in Medicine is a community based nonprofit organization whose primary mission is to understand and serve the health and wellness needs of the working uninsured and underinsured individuals who live in Luzerne County, Pennsylvania by providing quality, compassionate care.

How Can You Help?

Attend the event. Invite your friends. Support a healthy community by being a sponsor of the 2019 Annual Meeting & Appreciation Luncheon.

Your sponsorship will help us provide services to patients that visit VIM with an array of the health issues...

- Severe tooth decay and abscesses
- Breast lumps needing immediate evaluation
- Behavioral and mental health issues
- Women's health requiring cancer screening
- Complications from undiagnosed diabetes
- Untreated illnesses due to lack of preventative measures such as blood work and radiological studies
- Obesity due to lack of nutritional and wellness education
- Chronic disease requiring medication
- Uncontrolled hypertension leading to heart complications
- Back pain compromising activities of daily living

Outstanding volunteers and supporters will be announced at the luncheon in ten special categories.

Vision Statement

May we have eyes to see those rendered invisible and excluded;
open arms and hearts to reach out and include them;
healing hands to touch their lives with love;
and in the process, heal ourselves.
