### **Mission Statement**

Volunteers in Medicine is a community based nonprofit organization whose primary mission is to understand and serve the health and wellness needs of the working uninsured and underinsured individuals who live in Luzerne County, Pennsylvania by providing quality, compassionate and personalized care.

### **Vision Statement**

May we have eyes to see those rendered invisible and excluded;  
open arms and hearts to reach out and include them;  
healing hands to touch their lives with love;  
and in the process, heal ourselves.
