

Heidi, owner of [HK Mountain Marketing](#) is a marketing professional with over 15 years of experience. Originally from Minnesota ("You betcha!"), she moved to Colorado because of her absolute love for the mountains.

Since living here, she has done work with some of the largest companies in Eagle County. She enjoyed those roles so much that she started her own business - so that she can help even more companies (and Realtors like you) be successful through their marketing efforts. Click below to find out about her monthly digital plan for realtors, and how you can save 10% on your listing photography.

# DIGITAL MARKETING

Your digital marketing plan components should compliment and feed one another.
